

As Royal Patron of Horatio's Garden, I would like to express my heartfelt welcome on this very special occasion and thank the Lord Lieutenant for hosting you on my behalf!

Thank you to each and every one of you for giving your time to support patients at the Duke of Cornwall Spinal Treatment Centre in Salisbury over the last 7 years. Your volunteering is making a huge difference to the lives of those affected by spinal injury and the wider community as they see what a difference gardens can make in hospital settings.

Congratulations on this very well deserved award and I hope other Horatio's Garden volunteer teams will be inspired by your achievement and go on to win this award in the future.

Finally, my warmest thanks to everyone who supports the team – I hope you all have a wonderful afternoon.

A handwritten signature in black ink, consisting of the letters 'Eg' followed by a long horizontal line that ends in a small flourish.
