Your fundraising guide

Horatio's Garden is a Charitable Incorporated Organisation.

After the devastating blow of a spinal injury, the future can seem bleak. Horatio's Garden creates and expertly staffs beautiful vibrant gardens outside the sterility of NHS spinal injury centres. Places for people to begin to find connection, enjoyment and peace. We are here to open up the possibility that, in spite of everything, life can go on.

Thank you for doing something incredible and fundraising for Horatio's Garden, bringing life-changing gardens to people with spinal injuries when they need it most.

Our brilliant team will be right by your side to support you throughout your fundraising journey with us and we've created this useful guide to help make sure you have what you need.

Your contribution will give people hope, solace and joy when facing the most challenging of times and long stays in hospital.

As Mohammed told me: "People don't realise how much of an impact spinal cord injury has. If you think it's bad, it's worse. Horatio's Garden is a place that brings beauty in an incredibly difficult, vulnerable time."

On behalf of Mohammed and all others in the gardens, thank you and good luck with your challenge.

Beginning your fundraising

- 1 **Create your online giving page**
We recommend using online platforms **Give as you Live** or **JustGiving** to make collecting donations quick and simple. Personalise your page and share your story. Not fundraising online? Use our printable sponsorship form [here](#).
- 2 **Talk about it**
Share your fundraiser with your networks. Use social media. Tag your supporters, respond to comments and make donating and sharing as simple as possible. Don't forget to tag us @horatiosgarden so we can share and celebrate too!
- 3 **Keep everyone updated**
Share your progress: behind the scenes moments, training and your motivation. Try posting short video messages.
- 4 **Employer match funding?**
Some workplaces offer matched funding, which can double the impact of your efforts! Ask your employer about their charity policy. Let us know who your employer is, so we can look out for the amount.
- 5 **Have fun!**
We know planning a fundraising event takes effort and commitment, but don't forget to enjoy the process and celebrate your achievement!

“Ever since Dad was transferred to Sheffield, the garden has been the best thing about this awful experience, somewhere we could try to feel normal. Our whole family and 20 friends ran 29 miles from our family home to Horatio's Garden via the Peak District to raise money. Being able to do something positive after something so difficult was absolutely life affirming.”

Tessa

“I know the difference that Horatio's Garden makes. I hosted a garden event in my village and held tours, sold plants and ran a raffle with plenty of cakes and tea for the whole community. I was delighted to raise more than £1000.”

“After my sister Leanne was injured in a showjumping accident, Horatio’s Garden became a saving grace to her and the whole family. We wanted to give something back to help others coping with spinal injuries. I ran the Hillsborough Half Marathon in support, coming second and raising just over £3,400.”
